There are three things that indicate old age — the first is a failing memory.....and I can't remember the other two.

EARTH HOUR

March 27th — 8:30 PM

On **March 27 at 8:30 pm**, hundreds of millions of people around the world will turn off their lights for an hour to demand action on climate change. But that's just the beginning. Every hour, Canadians are taking small steps to lessen their impact on the environment. From hanging your clothes to dry to taking transit to work, those small steps add up to huge changes for the better. *Get inspired by others who are living Earth Hour every hour,*

One reason for doing the right thing today is tomorrow

WE DID IT!!

The results are in, and Presbyterians across the country demonstrated unprecedented support for PWS&D'S urgent appeal to prevent funding cuts to international partners.. You helped us exceed our goal by raising \$1,509,404 for life saving programs around the world!

Thank you fro supporting PWS&D! Your generosity demonstrates that in the face of poverty, injustice and conflict, you choose to respond to the needs of others, working together to create new futures of hope and opportunity.
